# Why stop studying when the summer ends?

---

Our World Online Learning offers boys and girls aged 8 to 17 the opportunity to continue their studies in English, and a range of other subjects, right through the year.

Students are matched with a teacher, perhaps even one they know from their summer course, and provided with one-to-one teaching through an online platform which allows them in real time to see and communicate with their teacher.

You can book 12, 24 or 36 classes of 45 minutes in each of the three terms: autumn, spring and summer. You only need to commit for one term in advance, and there is a free starter session lasting 30 minutes after which you can cancel your booking with a full refund.

Classes take place at a time to suit you, and the 'virtual classroom' is provided by AGF Tutoring, our online partners. Our online teachers are friendly, inspiring and suitably qualified and all communication takes place in the safe environment of the online platform.
